personal statement to the Faculty of his own cure was in these modest words:

"Many years ago I was in the last stages of consumption; confined to my bed, and at one time my physicians thought that I could not live a week; then, like a drowning man catching at straws, I heard of and obtained the preparations which I now offer to the public, and they made a perfect cure of me. It seemed to see that I could feel them penetrate my whole system. They soon ripened the matter in my lungs, and I would spit up more than a pint of offensive yellow matter every morning for a long time.

of offensive yellow matter every morning for a long time.

As soon as that began to subside, my cough, fever, pain and night sweats all began to leave me, and my appetite became so great that it was with difficulty that I could keep from eating too much. I soon gained my strength, and have grown in flesh ever since."

"I was weighed shortly after my recovery," added the Doctor," then looking like a mero skeleton; my weight was only ninely seven pounds; my present weight is two bundred and twenty-five [225] pounds, and for years I have enjoyed uninterrupted health."

Dr. Schenck has discontinued his professional visits to New York and Borton. He or his son, Dr. J. H. Schenck, Jr., still continue to see patients at their office, No. 15 North Sixth treet, Philadelphia, every Saturday from 9 A. M. to 3 P. M. Those who wish a thorough examination with the Respiremeter will be charged \$5. The Respiremeter declares the exact condition of the lungs, and patients can readily learn whether they are curable or not.

The directions for taking the medicines are adapted to the intelligence even of a child, Follow these directions, and kind Nature will do the rest, excepting that in some cases the Mandrake Pills are to be taken in increased doses; the three medicines need no other so companiments than the ample instructions that accompany them: First create appetite. Of returning health hunger is the mest welcome companiments than the ample instructions that accompany them: First create appetite. Of returning health hunger is the most welcome symptom. When it comes, as it will come, let the derpairing at once be of good cheer. Good blood at once follows, the cough loosens, the night sweat is abated. In a short time both of these morbid symptoms are gone forever.

Dr. Schenck's medicines are constantly kept in tens of thousands of families. As a laxative or purgative, the Mandrake Pills are a trandard preparation; while the Pulmonis

tive or purgative, the Mandrake Pilly are a standard preparation; while the Pulmonis Syrup as a curer of coughs and colds, may be regarded as a prophylacteric against consumption is any of its forms.

CONSUMPTION. Its Cure and Its Preventive, BY J. H. SCHENCK, M. D.

MANY a human being has passed away, for whose death there was no other reason than the neglect of known and indisputably proven means of cure. Those near and dear to family and friends are alceping the dreamless slumber into which, had they calmly adopted calmly adopted DR. JOSEPH H. SCHENCK'S SIMPLE TREATMENT,

HED

and availed themselves of his wonderful efficacious medicines, they would not have fallen.

Dr. Schenk has in his own case proved that
whorever sufficient vitality remains, that vitality, by his medicines and the directions for
their use, is quickened into healthful vigor.

In this statement there is nothing presumptuous. To the faith of the invalid is made no
representation that is not a thousand times
substantiated by living and visible works.
The theory of the cure by Dr. Schenck's medicines is as simple as it is unfailing. Its philosophy requires no argument. It is self-assuring, self-convincing.

The Seawood Tonic and Mandrake Pills are
the first two weapons with which the citadel
of the malady is assailed. Two-thirds of the
cases of consumption originate in dyspepsia
and a functionally disordered liver. With this
condition the bronchial tubes "sympathize"
with the stomach. They respond to the morbific action of the liver. Here then comes the
culminating result, and the setting in, with all
its distressing symptoms, of and availed themselves of his wonderful effica

its distressing symptoms, of CONSUMPTION.

The Mandrake Pills are composed of one of Nature's noblest gifts—the Podophillium Peltatum. They possess all the blood searching, alterative properties of calomel, but unlike ealomel, they

"LEAVE NO STING BEHIND." The work of cure is now teginning. The vitiated find mucous deposits in the bowels and in the slimentary canal are ejected. The liver, like a clock, is wound up. It arouses from its torpidity. The stomach acts responsively, and the patient begins to feel that he is getting, at last,

A SUPPLY OF GOOD BLOOD. A SUPPLY OF GOOD BLOOD.

The Seawood Tonic, in conjunction with the Pills, permeates and assimilates with the food. Chylification is now progressing without its previous tortures. Digestion becomes painless, and the cure is seen to be at hand. Fhere is no more flatulence, no exacerbation of the stomach. An appetite sets in.

Now comes the greatest Blood Purifier ever yet given by an indulgent father to suffering man. Schenck's Pulmonic Syrup comes in to perform its functions and to hasten and complete the cure. It enters at once upon its work. Nature cannot be cheated. It collects and ripens the impaired and diseased portions

and ripens the impaired and diseased portions of the lungs. In the form of gatherings, it prepares them for expectoration, and lo! in a very short time the malady is vanquished, the rotten throne that it occupied is renovated and made new, and the patient, in all the dignity of regalized vigor, steps forth to enjoy the manood or the womanbood that was.

GIVEN UP AS LOST. The second thing is, the patients must stay in a warm room until they get well; it is almost impossible to prevent taking cold when the lungs are diseased, but it must be prevented or a cure cannot be effected. Fresh air and ridling out, especially in this section of the country in the fall and winter season, are all wrong. Physicians who recommend that course lose their patients, if their lungs are badily diseased, and yet, because they are in course lose their patients, if their large are hadly diseased, and yet, because they are in the house they must not sit down quiet; they must walk about the room as much and as fast as the strength will hear, to get up a good eirculation of blood. The patients must keep in good spirits—he determined to get well. This has a great deal to do with the appetite, and is the great point to gain.

is the great point to gain.

To despair of cure after such evidence of its possibility in the worst cases, and moral certainty in all others, is sinful. Dr. Schenck's personal statement to the Faculty of his own

## PLANTALION BITTLES

This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down

the animal spirits. Wherever it is introduced it becomes a standard article---a medicinal staple. It is to-day the best and purest tonic, and the most popular medicine in the civilized world---be sure and get the genuine. Sold by all Druggists, Grocers and Country Stores. June 22, 1870.

Battimore, Md.

THESE Instruments have been before the public for nearly thirty years, and upon their excellence slong attained an unpurchased pre sminence, which pronounces them unequaled. Their Tone combines great power, sweetness and fine singing quality, as well as great purity of Intonation, and sweetness throughout the entire scale. Their Touch is pliant and elastic, and entirely free from the stiffness found in so many Pinnos. In Workmasship they are unequaled, using none but the very best scusoned material, the large capital employed in our business enabling us to keep continually an immense stock of lumber, &c., on hand.

on hand.

All our Square Names have our New Improved Overstrung Scale and the Agraffe Tre-

ble.

We would call special attention to our late improvements in Grand Piauos and Square Grands, Patented August 14th, 1856, which bring the Piano nearer perfection than has well been attributed.

Every Piano fully Warranted for 5 Years. We have made arrangements for the Sole Wholezale Agency for the most Celebrated Parlor Organs and Melodoons, which we offer Wholesale and Retail, at Lowest Factory Prices.
